## CUSTOMER SERVICE

One of the things that we continually strive to provide is better SERVICE. It's a worn out word today, but at SGMC service is "THE NAME OF THE GAME". It's of paramount importance to us that we give you GREAT service. Our goal is to have you leave our store or hang up the phone from talking with us & then because of the great service you received you feel compelled to tell everyone you see how great an experience you had dealing with SGMC. Do we succeed 100% of the time? No, we're human... but we all strive for GREAT customer service. We continue to make changes in how we operate along with changes in product selection & services always looking toward your satisfactory shopping experience.

We are very solution oriented. Simply put, we will try to discern what your problem is & then by combining the products & services that we offer provide a solution at a very competitive price & within a reasonable time frame.

We are not *sale* oriented. What that means to you is that we try to price all our products fairly every day so that you can be assured that when you need something that you can buy it at SGMC at a fair, competitive price without having to wait for a 'sale'. You get what you need, when you need it, instead of playing the waiting game, until it

*'goes on sale'.*

Over the years we have implemented many programs within our store whose sole purpose is to provide you, our customer or client, with SUPERIOR service. We have invested considerable time & money in implementing the latest & most up-to-date software throughout all of our operations. Our custom framing technicians use software that allows quick & easy pricing of the thousands of combinations that we offer & stores your history so that we can match mat color, frames & size of items that we framed for you in the past. And we also have the latest virtual framing software that allows you to see how your framing project will look when it's finished. Our sales team has access to one of the most advanced point of sale systems available anywhere which means having fewer empty shelves & pegs & generally having the merchandise in the store at a competitive price when you need it. It also means having a complete online presence that you browse 24/7/365.

We are Special Order Specialists. Special orders are of paramount importance to you & to us. If we don't have it & we can get it, we will. It's that simple! And we'll notify you when it's ready for pick up. When you call us, a human answers the phone. We hate voice

mail systems & will never implement one. We think that you should be able to get an answer to your questions or concerns in the most direct manner possible. We have added many associated product lines over the years. We have people tell us almost everyday that they can't believe the variety of merchandise that we have to offer. We continue to look for new, unique, break-thru products that we can offer at competitive prices. We intend to continue to be the store that you look to when you have a unique need or when you need to talk to someone who is knowledgeable & is more concerned with a solution than their commission. We want you to tell us how we're doing. If our service is GREAT, please let us know. If our service is not so great, let us know that too. It is only through communication & interaction that we can continue to improve & improve we must. We know that you have lots of choices out there when it comes to places to shop. We want to spoil you to the point that you won't want to shop anywhere else. Our goal is to make SGMC & SERVICE synonymous so that when you think 'SGMC', great service automatically comes to mind. Thanks for supporting us. We can't continue without you.

Back in November 1977 Solanco Glass & Mirror Co. was born to fill a need in Southern Lancaster County by offering complete residential flat glass services to the area. Over the more than 41 years since then many things have changed. All of these changes have been made in direct response to you, our clients, customers & friends.

One of the major changes over time has been the shift away from the everyday use of the name, Solanco Glass & Mirror Co., which at inception described exactly what we did, to using just SGMC. Even though we are indeed still Solanco Glass & Mirror Co., today SGMC also represents Solanco General Merchandise Co and SGMC Sign Designs our sign and custom cut vinyl division. In reality SGMC is a family owned & operated synergy of companies under one roof that offer a wide variety of products & services much like the old time small-town department or general merchandise stores did in years past.
